Day 1

This morning we will meet our tour guide and professional driver as we embark to Sault Ste Marie, ON. There will be a lunch stop en route to our hotel, where we will check in this afternoon. Dinner is included tonight at **North 82**. A can't miss restaurant in Sault Ste Marie, North 82 offers both American and Canadian specialties.

Day 2

Breakfast is included this morning before we depart for the **Tower of History**. Soaring 210 feet above Sault Ste Marie and the Soo Locks, the tower has observations platforms to get a bird's eye view of the world's busiest inland shipping channel. Next, we venture to the **Museum Ship Valley Camp**. This retired freighter offers more than just a tour of her deck. Housed inside her massive cargo holds is a 20,000 square foot museum with over 100 exhibits including the lifeboats torn away from the Edmund Fitzgerald on its fateful last night in 1975. This afternoon we enjoy shopping time and lunch on our own in **downtown Sault Ste Marie, MI**. Many shops and restaurants are located here along with the Soo Locks Viewing Platform and Visitor Center. We will then enjoy a relaxing **Soo Locks Boat Tour**, traveling down the St Mary's River and sight-seeing in Sugar Island's North Channel. We'll tour through the Soo Locks, right alongside the big ships being raised 21 feet inside the Soo Locks to the level of Lake Superior. We'll see the American and Canadian Locks, St. Mary's Rapids and historic sights along the waterfront with the captain's narration. After our cruise we will then enjoy an included dinner downtown before returning to our hotel.

Day 3

Following our early included breakfast at the hotel, today will be highlighted by the **Algoma Central Railroad's trip to the Agawa Canyon**. Through the large windows of newly refurbished coaches, the beauty of the region will unfold before our eyes. As the train winds through this immense land, hear about points of interest and some of the rich history of the region with stories of the Ojibway, fur traders and explorers that pioneered this vast wilderness. Locomotive mounted digital cameras will provide an engineer's eye view on the flat screen monitors installed throughout the coaches. The train will descend to the floor of Agawa Canyon created over 1.2 billion years ago. Time will be allowed to explore the pristine beauty of Canyon Park up close. Take a scenic walk on gravel trails to several waterfalls, relax on a bench and watch the Agawa River flow by or visit the souvenir car for a special memento. During our visit, our seats will be turned around for the return trip to Sault Ste Marie. We will return to the hotel this evening where the remainder of the evening is ours to enjoy.

Day 4

Following another included breakfast, We will head to **Upper Tahquamenon Falls** where we will take a guided walk with a park ranger and then enjoy an included lunch at a local restaurant before we make our way home. Thank you for traveling with Bianco Tours!
